Notice to Correspondents.

We decline sending perishable goods, as Bulbs or Plants, C.O.D., unless a remittance of 50 per cent accompanies the order to insure us against loss. Orders from unknown correspondents must be accompanied with cash or satisfactory reference. All bulbs forwarded at purchaser's expense. If to be sent by mail an extra amount must be sent to cover postage, which varies according to the variety of bulbs; where no amount is quoted for postage, those varieties will be sent free by mail.

Germain's Special Collections of Bulbs.

These are made up of the same choice bulbs as offered in this catalogue, but as we offer them at greatly reduced prices, we cannot allow any alterations.

COLLECTION A—Price \$1.00, or by prepaid mail or express in U. S., \$1.15.

Tall, fancy frosted glass, small, for Roman Hyacinths	25	2.50

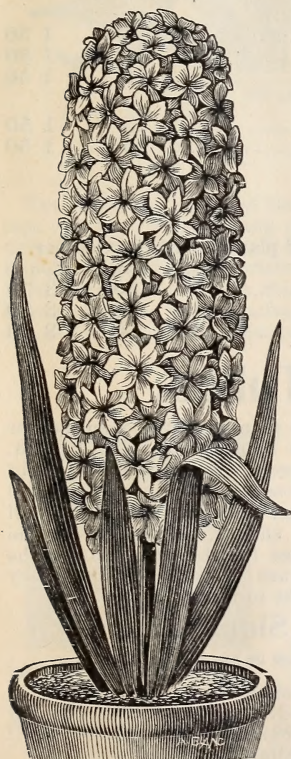

Dutch, California and other Bulbs.

FALL AND SPRING PLANTING.

Hyacinths.

For certainty and regularity of bloom, Hyacinths are unsurpassed by any other flowers. The simplicity of their culture and the invariable return for the little labor required to grow them, make them general favorites. Plant in open ground, in good rich soil, from November to January, covering to the depth of from 3 to 4 inches. For pot culture, plant in 5-inch pots, leaving one-third of the bulb exposed. Keep in a cool dark place for 5 or 6 weeks till the roots are fully developed, then gradually inure to the light. In glasses, fill the glass with water, so as to nearly touch the base of the bulb. A piece of charcoal the size of a walnut, put into the water, will keep it pure and obviate frequent changing. In changing the water, draw the roots lightly through the hand, to clean them from any scum, which might, if left, induce rot.

SINGLE HYACINTH.

Mixed Single Hyacinths.

Best Fine Mixed , (see cut) two for 5c; per doz. 25c; per 100 \$1.50.		

Late Single Tulips.

Postage 5c per doz. extra.

Byblooms, superfine mixed, white ground, blotched and feathered, with crimson, pink, violet and maroon. Each 5c; per doz. 30c; per 100 \$2.00.

Parrot or Dragon, large flowers of brilliant and varied colors, petals curiously cut or fringed; very showy and attractive for beds. Each 5c; per doz. 30c; per 100 \$2.00.

Narcissus.

The Narcissus is one of the most useful of the early blooming bulbs, being hardy and of easy culture. Plant in any good garden soil, any time from November to the end of January, covering to the depth of about 5 inches. The Polyanthus varieties may also be grown in pots or water. The varieties of Narcissus are deserving of far more attention than they have hitherto received in this section; their variety of color — varying from pure white to bright orange — delicious fragrance, easy culture and free blooming qualities, render them especially desirable for garden, while for cut flowers they will be found invaluable.

Polianthus Narcissus.

Postage 20c per doz. extra.

CHINESE SACRED LILY.

	Each.	Per Doz.	100
Bathurst , deep yellow, large clusters, extra fine	5	50	
Bazelman Major , pure white, deep yellow cup, extra large	15	1 50

Van Sion, early yellow trumpet. Each 5c; per doz. 30c; per 100, \$2.25.

Jonquils.

A species of Narcissus, with very fragrant flowers; of easy culture and excellent for cutting. Culture same as for Narcissus.

	Each.	Per Doz.	Per 100
Single Yellow.....		15	\$1 00
Double Yellow.....	5	35	2 50

Crocus.

The Crocus is among our earliest spring flowering bulbs, and makes a splendid show when grown in masses. They may be planted any time in the fall, in good garden soil, about 3 inches deep and 3 or 4 inches apart; they may also be grown in pots or glasses, sometimes grown in ornamental pots, shaped like a hedgehog, when the bulbs are inserted in small holes about 1 inch apart. When in bloom, they are very effective for house decoration.

SINGLE ANEMONE.

	Per Doz.	Per 100
Cloth of Gold, yellow and brown.....	15	\$ 75
Large Yellow.....	20	1 25

Rosette , new, delicate rose, extra large.....	5	40	2 50
Choice Mixed	2 for 5c	25	1 50

Ranunculus.

Should be planted in rich, well-drained, sandy soil. If the soil is heavy prepare it by mixing in plenty of sand and well-rotted manure to the depth of 6 or 7 inches, or by making a small trench 4 or 5 inches deep, filling this up with sand, in which plant the bulbs about 3 inches deep, being careful to press the sand firm around them. Ranunculus are strikingly beautiful flowers, of every imaginable shade from bright vermilion to pink, yellow and pure white. They are free bloomers, very double, and useful for cut flowers. Will be found to amply repay for a little extra care in cultivation, and are worthy of everyone's attention.

	Per Doz.	Per 100
French Mixed , (see cut)	15	\$ 75
Persian Mixed	15	75
Turban Mixed	15	1 00

FRENCH RANUNCULUS.

Iris.

Postage 5c per doz. extra; Kaempferi 10c each extra.

A beautiful class of flowering plants, with flowers of sweet perfumes and quaint forms, almost equalling orchids in beauty, richness and variety of color; very useful for bouquets and vases, lasting a long time when cut. Plant in rich light soil, about 3 inches deep. Often planted in clumps when they are particularly effective; for this purpose set the bulbs about 3 inches apart each way; every three or four years they should be dug up and reset.

	Each.	Per doz.
Angelica , (English Iris) fine mixed an old-fashioned flower, large handsome flowers mostly of rich purple, blue and lilac shades, very hardy, grows 18 to 20 inches high	5	\$ 35
Angelica , "Mont Blanc," pure white, large flower, very useful for cutting	15	1 50
Germanica , (German Iris) (see cut) fine mixed; though called German Iris, this is truly the <i>Fleur de Lis</i> , the national flower of France	5	30

Arum Sanctum , (Black Calla) coal black, very striking	25	

Calochortus.

"The Mariposa Lily," or "Butterfly Tulip."
(See cut page 7.)

These are among the most beautiful of our native California plants. The flowers resemble a tulip in form, and are of the most varied and showy colors. May be planted in good soil, covering about three inches deep, any time from August to November, but early planting is considered best. For eastern culture, as a pot plant, they will be found especially useful.

	Each.	Per Doz.
Albus , (Fairy Bell, White Globe Tulip) flowers about an inch in diameter, pearly white with silky hairs, hanging like bells 10 to 20 on a plant.....	5	\$ 40
Benthami , flowers bright yellow; dainty cup lined with silky hairs.....	5	40

Choice Mixed	2 for 5c	20 1 25

Oxalis.

Graceful little plants, with dainty foliage and flowers of various colors, suitable for

Lilies.

Postage 20c to 25c per doz. extra.

We cannot say too much in praise of this elegant class of plants which are becoming more popular every season. The Lily has been rightly termed the "Queen of Flowers," and no flower can convey a more true idea of purity, grandeur and stately beauty. Very handsome either for garden or pot culture, deliciously fragrant and fine for cut flowers.

Culture in open ground; dig well, add some sand and well-rotted manure (except for Aur-

Lilies—Continued.

atum, which will not bear manure) and plant about five inches deep. Culture in pots; give thorough drainage, then fill up with compost, consisting of good, rich soil, peat and river sand; place the bulb firmly on this and cover them about one inch below the surface; give no water until the plants appear above ground, then water freely.

L. Candidum and L. Harrisii ready Sept. 1, other varieties about the middle of November.

LILIUM HARRISII.

	Each.	Per Doz.

Tigrinum , "Tiger Lily," orange, spotted black, very showy.....	15	1 50

Freesia.

This elegant little flower seems to be especially adapted to the climate of California, and is becoming more popular each season. They succeed best in light soil, and may be planted from August to November, from 2 to 3 inches deep. The flowers, which appear in February and March, are white, fragrant, and very useful for cut flowers, often lasting two weeks if cut as soon as open.

Freesia refracta alba, (see cut) pure white, very handsome, possessing a peculiar grace of form and delightful fragrance, one pot of 5 or 6 bulbs being sufficient to perfume a whole house. Per doz. 10c; 100 70c.

FREESIA REFRACTA ALBA.

DOUBLE PEARL TUBEROSE.

Plant in spring, covering the bulb so that the neck will be even with the surface of the soil.

Tuberose.

Postage 20c per doz. extra. Supplied from January to June.

"*Polianthes Tuberosa*," one of the most beautiful summer and fall flowering bulbs in cultivation. Flowers pure white and of exquisite fragrance. Admirably adapted for cut flowers, and of easy cultivation. Plant in open ground, when the soil has become warm. May also be started indoors in pots, earlier and afterwards, planted to where they are to flower. Hardy in Southern California.

Double Pearl, (see cut) far superior to the old double variety, growing only about 2 feet high, with large individual double white florets, which have longer foot stalks than the old variety, rendering them more useful for cut flower purposes. Large bulbs, each 5c: per doz. 30; per 100, \$2.00.

Miscellaneous Bulbs.

Agapanthus umbellatus, "African Lily," beautiful porcelain blue, of easy culture. Each 25c—50c.

Postage 10c to 15c extra.

Alstroemeria, one of the most beautiful bulbous plants, flowering in umbels of tubular or bell-shaped flowers, beautifully mottled, in a great variety of colors. Each 15c: per doz. \$1.50.

Postage 15c per doz. extra.

Amaryllis, a beautiful class of plants of the easiest possible culture. May be grown in the open border or in pots.
